

The portrait class!

The portrait class in april was a success. 15 happy students arrived at Österlen for a full weekend of portrait construction, tekniqe, drawing and painting. Lots of new info to take in, in a short time, but also great food and much laughter.

Thank you all for a great weekend!

We even had a visit from the local paper Österlenmagasinet on Sunday, and a few days later we got this nice article in the paper. Thanks for that!

Please return to the website for pictures and links to articles. 😊
